PIT-SPITTER CHERRY RYE

CORE TEN

Macerated fresh Michigan Montmorency cherries are added to cask-strength Last Feather Rye Whiskey and soaked for 14 days, imparting natural colors and flavors to our cherry rye whiskey. Reflecting the heritage and terroir of Michigan farmlands, the resulting spirit is perfect for mixing or sipping.

Pit-Spitter™ Cherry Rye Whiskey is flavored without the use of concentrates or syrups. There's literally a half pound of real Michigan Montmorency cherries infused into each bottle—creating an authentic, natural cherry flavor.
