

KISSING COUSINS WHISKEY

This limited small batch spirit has all the character of our Featherbone Bourbon, with deep earthy notes from an extra 3 month finish in wine barrels. This unique limited batch was created with the help of our friends down the road in Baroda, MI, at Dablon Winery whom provided us with Cabernet Franc and Pinot Noir barrels. Fittingly named Kissing Cousins because of the close proximity to the winery, this special release is truly a treat.

This whiskey opens with a bright, fruity bouquet of green apples, grapes, and red currants. On the palate, this whiskey is smooth and rich with flavors of brown sugar, graham cracker, green pepper, & buttery morel mushrooms. The finish is long and dry with additional notes, of plum, cherry, and figs for a well-balanced complex expression.
