

A JOURNEYMAN TAKES THE ROAD LESS TRAVELED

FIELD VODKA

In honor of the 125th anniversary of the Field Museum and the 1893 World's Columbian Exposition, heritage red corn is the sole ingredient in this handcrafted vodka.

Introduced in the 1840s, heirloom Bloody Butcher red corn is known for its rich sweet flavor and ruby color. Part of Journeyman's Field Spirits Collection, our acclaimed artisan vodka is Certified Gluten Free with absolutely no added ingredients—double-distilled from locally grown grain and water.
