GATHER TOGETHER

Join us as we pay tribute to the history of this American Factory Building; the people that gathered here over the past 150+ years working to make a living, feed a family, and find pride and inspiration in daily work, all in pursuit of the American Dream.

As you look around the room, know that this place's history is worth preserving and that it was done with the ingenuity of Northwest Indiana union workers with American-made products.

The bar is made from American white oak representing the charred whiskey barrel. The light fixtures represent the spark of the weld. The menu includes Journeyman-made spirits, Sea of Monsters beer and food representative of our Midwest culture.

As you gather and enjoy your food and drink, remember those that preceded us at the American Factory Building.
