

"Our craft spirits are a tribute to tradition and innovation, where each bottle tells a story of meticulous craftsmanship and passion. From grain to glass, we honor the old way of making things, nurturing our spirits with care to let them mature into exceptional expressions of flavor and character. It's this commitment to quality and artistry that sets our spirits apart, inviting you to savor the difference in every sip. With each bottle, we invite you to join us on a journey of tradition." - Jose Ruacho, Distiller

## SEA OF MONSTERS

Welcome aboard to Sea of Monsters — Journeyman's newest offering at the historic American Factory in Valparaiso. Inspired by the audacious maritime explorers of yore, our brewery and bar is a tribute to those who dared to chart unexplored waters, braving the real and mythic terrors of the sea.

Sea of Monsters is more than just a brewery. It's an invitation for you to embark on a journey within yourself — to face your own demons, both real and perceived. Whether they're trivial or legendary, we believe that facing fears head-on is a cause for celebration.
