STAYMAKER (NOUN): A CORSET MAKER, A MAKER OF STAYS

In the late 1800s, industrialist E.K. Warren built his empire here in Three Oaks, with the invention of a lightweight stay called the featherbone which replaced whalebone in corsets and was used to make buggy whips revolutionizing the industry. His Featherbone Factory, once filled with experts that made those stays called staymakers, is now home to our restaurant and distillery.

The Featherbone factory brought back to life with a historic renovation, the space honors its roots: original maple floors worn by factory workers, original brick and mortar, and layers of wear and tear that tell its great history; birth, decline, and rebirth. Every detail telling a story of craftsmanship, manufacturing, and history. Warren a prohibitionist himself is probably rolling over in his grave in that we are now distilling spirits here but we believe if he came back today that he would be proud to see manufacturing alive and well in his buildings.
